Delmar Gardens of Meramec Valley
#1 Arbor Terrace
Fenton, MO 63026

Dear Friends,

I'd like to take a little time to let you know how grateful I am to you all at Delmar Gardens. I'd like to thank each and every one of you who helped with my R&R.

I'd like to commend the grounds crew for he masterful management of the campus. It is truly a beautiful campus.

Next, I'd like to thank the janitorial staff for the meticulous job that they are doing to keep the place spick and span. It's so clean that I cold eat off the floor. (Not that I would do that but I'm just saying that the rooms, the hallways, cafeteria, etc. are very clean and hygienic). Thank you, Courtney!

Cafeteria folks are the best. I think her name is Stephanie, but I refer to her as the energetic Bunny. Always in motion, as are the other helpers.

The chef (John) is to be commended for a delicious menu time after time and although I'm not too fond of broccoli, I ate it anyway and it was quite good.

Now to the nursing staff. I felt so comfortable being under their care. Ellen (the pill lady) was so good, friendly and competent I commend her professionalism and contentious administration of her job duties.

I can't remember everyone's name but they were all wonderful. Attention to detail is what they exude. (Britany, Katie et. al). And what could I say about Patrick?!! Is demeanor and friendliness along with his gregarious approach to patient care makes one happy to be in there. He makes rehab fun! He also has a good strong voice and could try out with the Tabernacle Choir and make it!!! There are so many great nurse and aides that I couldn't name them all, but they were all fantastic.

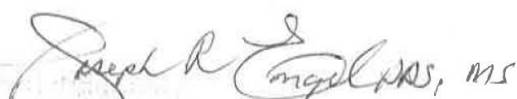

Now, the Physical Therapy folks are remarkable with their approach and patience. Roger and Kim and all the rest of the folks in physical therapy. Again, sorry that I can't remember all of their names, but they know who they are. Thank you!

Finally, Lisa, Morgan, Deven, et al. I'm not a bingo type person, but I played it and I enjoyed myself. Along with the trivia and other activities, they keep the spirits up and I'd like to single out these folks for their approach and energy.

There are many others that I could thank, but without using the mind medicine made from jelly fish, I'm at a loss!!

Again, thank you for everything and I honestly miss you guys.

Sincerely yours,

Joseph R. Engel, DDS., MS
