SKILLED NURSING AND
REHABILITATION CENTERS

REHABILITATION SERVICES

At *Delmar Gardens of O'Fallon*, we are proud of our accomplishments in the field of rehabilitation. Our state-of-the-art facilities and professional staff can assist you in reaching higher levels of independent functioning and quality of life.

Physical Therapy

Physical Therapy under Medicare Part A is given to residents who have a physician's order and qualify under Medicare guidelines for skilled services. A Physical Therapy evaluation is performed by our Registered Physical Therapist. A treatment plan is then established and approved by the attending physician. Treatment is carried out by our licensed Physical Therapists, twice a day or daily (depending on the physician's orders), as needed. Charges are billed under Medicare Part A.

Physical Therapy under Medicare Part B is given to residents who do not qualify for Medicare Part A, but still require some Physical Therapy services on a weekly basis. Medicare Part B will pay 80% of Physical Therapy charges. The resident and/or any supplemental insurance he/she may have will be billed for the remaining 20%.

Physical Therapy services include gait training, wound care, balance training, arthritis and pain management, and variety of state of the art modalities including a therapeutic pool with a gait bar.

Occupational Therapy

Occupational Therapy is a health service which uses purposeful activity (dressing, feeding, bathing, etc.) as a means of preventing, reducing, or overcoming many physical, social, and emotional disabilities. Techniques used may include fabricating and applying splints, guidance in the selection and use of adaptive equipment, activities and therapeutic exercises to improve functional skills with emphasis on hand and arm rehabilitation. Each resident is treated on a one-to-one basis with goals focusing on individual needs.

Delmar Gardens of O'Fallon offers a fully equipped apartment for residents to utilize the skills they have learned during occupational therapy before being discharged home.

Occupational Therapy is a covered service under Medicare Parts A and B. Private pay services are also available. For more information, please consult our staff Occupational Therapist.

Speech Pathology Services

The ability to communicate effectively is one of the most important and vital skills we possess. To interrupt, change or completely lose this ability, which we have used all our lives, can be very traumatic.

If you would like the Speech Pathologist to consult with your family member, because you feel they might have a communication or swallowing disorder, please inform the Charge Nurse, the Director of Nursing, the attending Physician, or the Speech Pathologist.

Speech Therapy is covered under Medicare Parts A and B.

Restorative Therapy

Restorative Therapy is given to residents who are ambulatory, but are not able to ambulate without assistance. Range of motion is given to those residents who are not able to move their extremities independently. Treatment is offered five days a week (or as otherwise ordered) by a Restorative Aide.

THERAPEUTIC RECREATION

Delmar Gardens of O'Fallon offers Therapeutic Recreation. This is an activity-based program designed to improve or maintain the physical, mental, emotional, spiritual, and/or social functioning of our residents. We assist them in expressing individual lifestyles, which we believe will add meaning and value to their sense of self during their stay at Delmar Gardens of O'Fallon.

Therapeutic Recreation has been and continues to be an integral part of Delmar Gardens' *"tradition of excellence."* Included in the comprehensive care of every resident is an individualized therapeutic recreation program designed to meet a wide spectrum of needs and skill levels, from active leisure lifestyles to sensory stimulation.

At Delmar Gardens of O'Fallon, we provide a wide variety of group, as well as individual, therapeutic interventions to meet our residents' many needs. They include:

- ✿ Entertainment
- ✿ Crafts
- ✿ Intergenerational Programming
- ✿ Exercise
- ✿ Cooking
- ✿ Gardening
- ✿ Music Therapy
- ✿ Family Gatherings
- ✿ Social Hours
- ✿ Resident Council

- ✿ Religious Services
- ✿ Room Visits
- ✿ Service Projects
- ✿ Parties
- ✿ Community Outings
- ✿ Pet Therapy
- ✿ Games
- ✿ Current Events
- ✿ Reminiscence Groups

An opportunity to have a successful experience is created through the use of adaptations to meet the strengths and/or limitations of each resident. Small and large groups of residents with similar interests and abilities are offered programs and activities to create a warm environment and promote social well-being.

The therapeutic recreation department is proud to offer this specialized activity program as part of the comprehensive care that your family member will receive at Delmar Gardens of O'Fallon. We have designed the program with the hope that your loved one's stay here will be a full and satisfying one.

We believe that you, the family, are an important part of helping us assess the unique strengths, interests and needs of our residents. We welcome your ideas and your participation in the care of your family member. We look forward to working with you.

MEDICARE INFORMATION

Delmar Gardens of O'Fallon is certified for participation in the Medicare (Title XVIII) program. Some patients who need in-resident and skilled nursing care or rehabilitation services following a period of hospitalization, may be eligible to receive certain Medicare benefits while residing in our facility.

Many people assume that any resident who has been in the hospital and needs nursing home care can qualify for Medicare coverage in a skilled nursing facility. It's not quite that simple. Medicare will not pay for "custodial care" and will only assist in meeting the cost of care if a patient requires "skilled care." Medicare readily acknowledges that tube feedings, intravenous fluids, daily injections, and rehabilitation services are examples of care which usually qualify as skilled care. The degree of a patient's helplessness, the prognosis and diagnosis are not significant in the Medicare determination; rather it is the professional skill that is necessitated in caring for the patient which qualifies a patient for Medicare coverage.

Prior to discharge from a minimum three day hospital stay, the physician, therapists and other health care professionals, in conjunction with the nursing facility, can determine whether the care the patient needs will qualify for coverage under the Medicare guidelines. There are circumstances which may make the decision not possible until after the patient has been evaluated by the facility.

Participation in the Medicare program is short term. Length of time or coverage is based on observable and measurable progress. Each case is different and there are many circumstances to be considered to determine length of time on the program.

Maximum coverage currently available is 100 days. Not all participants meet Medicare criteria to receive 100 days. The Medicare program will cover the cost of a nursing home stay 100% from day 1 through 20. On the 21st day (if the participant still qualifies for coverage) Medicare pays a portion of the stay. The portion not covered is either the responsibility of the individual or another insurance program.

Our Social Worker, Director of Nursing, or Administrator will be happy to answer any additional questions you might have regarding Medicare coverage.

PHYSICIAN'S SERVICES

All residents admitted to Delmar Gardens of O'Fallon must be admitted upon the recommendation of a physician licensed to practice in the State of Missouri.

The admitting physician is responsible for providing the facility with detailed medical information regarding the care of the resident, including:

- ✿ Medication Orders
- ✿ Urinalysis (UA)
- ✿ Current Medical Findings
- ✿ Complete Blood Count (CBC)
- ✿ Diagnosis
- ✿ Chest X-ray
- ✿ Rehabilitation Potential
- ✿ History and Physical Exam
- ✿ Summary of Any Prior Treatment
- ✿ Specific Diet
- ✿ Treatment

All medical information must be current. The admission physical exam must be dated no more than five (5) days prior to the resident's admission date.

Each of our residents must be under the continuing care of a physician while at Delmar Gardens of O'Fallon. The physician must be available to provide periodic progress notes – usually every 30 days – and be available for consultation with our nursing and rehabilitation staff to discuss the appropriate course of treatment for the resident.

If your admitting physician chooses not to follow the resident while at Delmar Gardens of O'Fallon, you may request medical services be provided by one of our staff physicians. In most cases, if a resident being cared for by a staff physician requires hospitalization, the original admitting physician will be contacted to make all necessary arrangements.

Please discuss this section with your admitting physician prior to admission.
